

JURY DECLARES HARRY THAW SANE

Justice Hendrick Will Announce His Decision Friday Morning

HEAR ARGUMENT TODAY

Attendants Have Great Difficulty In Preventing Crowds From Rushing Up to Thaw

JURORS AGREE ON 2ND. BALLOT

NEW YORK, July 14.—Harry Kendall Thaw today was declared sane by a jury which for nearly three weeks listened to testimony given in the supreme court here before Justice Peter Hendrick. Forty-eight minutes were consumed and two ballots were taken in reaching a verdict. Justice Hendrick on Friday morning will announce whether the commitment upon which Thaw was incarcerated in the state hospital for the criminal insane at Matteawan shall be vacated, thereby giving to the slayer of Stanford White the liberty for which he has fought in the courts for nine years. It was at the end of a day of addresses by counsel and the charge of the justice that the jury retired.

Justice Warns Spectators.
Shortly before 4 o'clock a bailiff came from the jury room and informed Justice Hendrick that a verdict had been reached. The doors immediately were locked and Justice Hendrick warned the spectators that any demonstration would be met with severe punishment. Then the jury came in. In reply to a question by the clerk of the court as to whether a verdict had been reached, the foreman handed over a sheaf of legal papers which was passed to the justice on the bench. Justice Hendrick read it and handed it back to the clerk.

Clerk Reads Verdict.
"Gentlemen of the jury," said the clerk "the question you have been asked is this: 'Is Harry K. Thaw now sane?' Your answer is 'yes.'"
Despite the warning several persons stood up in front of their seats. The court room hummed like a dynamo. Justice Hendrick and a dozen court attendants rapped for order. Meanwhile Thaw, who, until the verdict was announced, sat at the counsel table with his chin resting in a handkerchief, had turned around and grasped the hand of several of his counsel. Then he went to where his mother was sitting a few feet away and, throwing his arms about her neck, kissed her twice. Mrs. Thaw at the same time patted her daughter, Mrs. George L. Carnegie, on the shoulder.

Thaw later shook hands with his half-brother, Josiah Thaw, who at the announcement of the verdict had raised himself from his chair in order that he might better view the proceedings.

To Hear Argument Thursday.
The verdict recorded John B. Stanchfield, chief counsel for Thaw, made a motion that the commitment signed by Justice Dowling following a verdict of not guilty on the ground of insanity, which was returned by the jury at Thaw's second trial for the murder of White, be vacated. Justice Hendrick asked Deputy Attorney General Becker what he had to say to such a motion. Mr. Becker, in reply, requested time in which the state might prepare an appeal. Justice Hendrick reminded the lawyers that he had not given his decision and that consequently it had not been finally decided. He then set 11 o'clock tomorrow morning as the time when he would receive briefs and hear arguments in his chambers upon the motion to dismiss the commitment. The jury was discharged and then court adjourned.

Mrs. Thaw Thanks Jurors.
As soon as the jury was dismissed Thaw crossed to the box and shook hands warmly with each of the men. His mother also shook hands with the jurors saying to each: "Thank you so much for all you have done."

One of the jurors asked her whether she had ever had any doubt of the result of this proceeding. Mrs. Thaw smiled and replied in the negative.

The jury and Thaw then filed into a room adjoining the court where photographers were waiting.

It was with great difficulty that court attendants and deputy sheriffs prevented the scores of men and women from dashing up to Thaw in the court room and the ante-room and shaking his hand in congratulation of his legal victory. It was with much more difficulty that the crowd was cleared from the court house. Thaw knew none of the people who wanted to congratulate him, but they knew him.

MANY MINERS TO STOP WORK IN SOUTH WALES

ACTION WILL CURTAIL COAL SUPPLY OF BRITISH NAVY

Opinion is That Strike Will be Short Lived—The German and French Claims Regarding Attack by the Crown Prince's Army Confirmed.

BULLETIN.

London, July 15.—The latest developments seem to indicate a way out of the coal difficulty. A Cardiff despatch says that Walter Runciman, president of the board of trade had acceded to the request of the miners' executive council to resume negotiations with the miners at the point at which they were broken off, and that thus fortified the executive will be able to meet in conference today with the hope of arriving at a settlement.

London, July 14.—Despite the action of the government in applying the munitions of war act to the coal mining industry, which will make the miners subject to severe fines if they strike, it is practically certain that a large number of men will stop work in South Wales tomorrow thus curtailing the supply of coal for the naval vessels.

Refuse Recommendation.
The federation of miners of the United Kingdom, the labor leaders and the general public upon whose support the miners would depend to make the strike a success are all arguing that to continue work until an agreement can be reached but the executive council of the South Wales union by a majority vote refused to support this recommendation and a large proportion of the men are preparing to lay down their tools.

It is not believed, however, that the strike will last long, as the men themselves are divided and the South Wales union has not the funds to finance a long struggle. The miners' federation of the United Kingdom after its recommendation is not likely to assist them from its exchequer. There is also a possibility that the government will utilize the miners who enlisted in the army and who have not yet left the country to work the mines.

Germans Report Success.
This dispute which jeopardizes the work of the navy, occupies the public mind in England above all other matters and the official reports of the fighting in the east and west take second place. In fact except for a sharp conflict in the Argonne, where the German official communication claims an attack by the Crown Prince's army was "crowned with complete success" but which the French report says was repulsed, there has been little doing beyond the usual artillery actions and the bombardment of points of concentration.

This is the second success claimed for the crown prince in the Argonne during the last few weeks but as in the previous case there is a complete conflict of testimony between the two headquarters.

Claim Repulse of Germans.
The Germans state that they took nearly 3,000 prisoners, while the French, although admitting that their line momentarily gave way, declare that their counter attacks arrested the progress of the Germans and drove them back. There is no change reported on either the eastern or Italian fronts while reports that Turkey is seeking a separate peace; that some change in the Balkan situation is imminent and that the allies have made further progress on the Gallipoli peninsula still lack official confirmation.

DANIELS ACCEPTS RESIGNATIONS OF TWO NAVAL CONSTRUCTORS

WASHINGTON, July 14.—Secretary Daniels today accepted the resignations of Naval Constructors William B. Ferguson and John E. Otterson, both of whom are said to have been offered positions with private shipbuilding companies at salaries far exceeding their pay as officers in the navy.

Legal experts of the navy hold that the president may use his discretion in accepting or rejecting resignations of any officers, but Mr. Daniels decided that Constructors Ferguson and Otterson should be permitted to leave the service because they had fulfilled agreements to serve at least eight years entered into when they were given special education privileges.

PAINTER IS ELECTROCUTED.
Danville, Ill., July 14.—While painting a pole this afternoon, Roy Ankrum, 30, an employee of the street car company, was electrocuted by coming in contact with a live wire. His body was suspended by his belt for half an hour before it could be lowered to the ground.

J. Marks, a brother of the president of the borough of Manhattan, said that on the first ballot Thaw was sane. The dissenting juror said that he cast his ballot for what was more a matter of form than anything else so that the verdict would not be rendered without formal discussion. The vote was unanimous on the second ballot.

VILLA ABANDONS AGUAS CALIENTES

Evacuation Appears to Give Carranza an Advantage North of Capital

RETREAT IN GOOD ORDER

Northern Leader's Forces Are Withdrawing From the State of Zacatecas

REPORT MEXICO CITY QUIET

EL PASO, Texas, July 14.—Villa's message from his headquarters tonight admitted that Aguas Calientes had been abandoned and that the evacuation of Zacatecas was under way.

Move State Government.
The state government of Zacatecas has been moved to Sombrerete and the local government of the city of Zacatecas turned over to a local resident who has not been identified with either faction. It is not anticipated that General Obregon, commanding Carranza's army, will have great difficulty in gaining possession of either Aguas Calientes or Zacatecas. The evacuation of Aguas Calientes cost Villa, according to the reports received here, only two trains, one being a train of wounded, the other a train of supplies. The retreat was made in good order, it is said, although with a rear guard action in which his infantry more than once was forced to stand hand to hand fighting.

Can Gather Greater Force.
To hold Torreón it will be possible for Villa to concentrate a greater force than he had at Aguas Calientes. Between Torreón and Monterey there are operating at least three Villa organizations, one under the command of General Raoul Madero.

Villa's abandonment of Aguas Calientes appears to give Carranza a distinct advantage in the military positions north of Mexico City. From Chicalote, just north of Aguas Calientes, a railroad extends in an easterly direction to San Luis Potosí on the main line from Mexico City to Laredo, Texas.

Order Prevails in Mexico City.
Washington, July 14.—State department advices from Mexico City late today reported the capital quiet with absolute order prevailing and trains arriving from Vera Cruz with food supplies. Stores and banks had not been re-opened pending arrangements for currency circulation.

Communication between the capital and Vera Cruz by rail and telegraph continued and the Carranza government departments are said to be under process of organization as rapidly as possible.

Consul General Shanklin cabled that General Gonzalez had given preference to provision trains over troop trains and that arrangements for soup kitchens to relieve the capital's destitute were progressing with the hope that it soon would be possible to feed from 8,000 to 10,000 persons daily. Additional dispatches confirmed the report that the Carranza forces in control of the city had recaptured the waterworks from the retreating Zapata army and that danger of a water famine had been averted.

General Carranza in a message from Vera Cruz to his agents here gave assurances that he had extended every protection to Mexicans and foreigners within the capital, and announced his intention to issue an amnesty law in the near future in an endeavor to have those in error return to the true path.

Little Talk of Recognition.

In the meantime, activity of General Villa's forces in pressing a lively campaign toward Mexico City from the north reports of which continue to reach Washington from several sources, indicates that the proposed amnesty will not be accepted by the most formidable of the forces opposed to Carranza. In view of this situation with the possibility that General Gonzalez may be forced into another battle for possession of the capital with General Villa's army there is little talk here for the present of extension of moral support or recognition to any faction by the United States.

Trouble Arises in Yucatan.
Trouble has arisen again in Yucatan, the International Harvester company complaining to the state department today that the Carranza forces have completely cut them off from exporting their products at Progreso. Representatives of the Harvester company said they had been denied dock privileges at Progreso and therefore could not ship sisal purchased long ago.

War News Summarized

The Argonne forest in France, the region directly to the west of that wood and the sector to the north of Arras are the scenes of the most violent infantry fighting now in progress on any of the numerous battle fronts although a belated report from Constantinople says that on Monday the allied forces made determined attacks by land and sea against the Turkish positions on the Gallipoli peninsula which were repulsed with heavy losses.

At other points on the western line there is a continuance of the artillery action and an allied air raid on Liebecourt, between Douai and Lille, was successfully carried out by a squadron of heavy aeroplanes, which threw down numerous bombs.

To the south of Lublin, which has been one of the objective points of the Austro-Germans in Russia, Poland, where they hoped to establish themselves on a strong basis for a further advance toward Warsaw, there has been serious fighting, in which the Russians claim to have captured during the week ending July 11, officers and men to the number of 26,711.

The Russian war office also reports that trenches extending over a territory of about one and a third miles on the right bank of the Pissa river in Poland, which were captured by the Germans on July 13, were re-taken by the Russians by a strong counter attack.

Incidentally Paris declares that the German gain in the Argonne Tuesday did not exceed at any point a depth of over a quarter of a mile.

FREEPORT RAISES MONEY FOR TRANSFER OF DUBUQUE TEAM

Teahey States Games Will Probably Begin at Freeport Sunday—Galesburg May Get Decatur Franchise.

Chicago, July 14.—A. R. Teahey, president of the Three Eye league, said tonight that he had received word from Freeport, Ill., that the amount required by the league for the transfer of the Dubuque team had been raised, thus insuring a baseball team for Freeport. President Teahey said that games would begin at Freeport as soon as minor details were adjusted, perhaps next Sunday.

Regarding a report from Galesburg, Ill., President Teahey said that he had a representative at Galesburg looking over the field with a view to a possible further rearrangement of the circuit. He added that he had received nothing definite from his representative, but expected that some decision would be reached by tomorrow.

Decatur, Ill., July 14.—The Decatur Baseball association denied the report that the Decatur franchise of the Three Eye league had been offered to Galesburg. J. A. Corbett of St. Louis, president of the Decatur club, who is in Decatur tonight, stated that there was no truth in the report and that the Decatur officials had no intention of selling their franchise.

Strouthers Submits Proposition.
Galesburg, Ill., July 14.—Con Strouthers, representing the Three Eye league, today submitted to business men here a proposition to transfer the Decatur team of the league to this city. A meeting was held tonight at which the consensus of opinion was in favor of the proposition, but decision on the project was deferred until tomorrow until a more thorough canvass of business men can be made.

According to Mr. Strouthers, Congressman McKinley is tired of meeting the financial deficits of the Decatur Three Eye team.

HEARING TAKES ON DRAMATIC TURN

Attorney Intimates Bedford Case Was Started to Get "Blood Money"

BULMAN MAKES DENIAL

Clash Comes When Anderson Tells of His Search for Box of Gold on Siam Farm

EXAMINE NINE WITNESSES

BEDFORD, Iowa, July 14.—The justice court hearing of the so-called double murder and treasure chest case took on a dramatic turn late today when W. W. Bulman, attorney assisting in the prosecution of Samuel Scrivner, Bates Huntsman and John and Henry Deme-wood, took the stand in the midst of the examination of Samuel Anderson, a state's witness, to deny an intimation on the part of Attorney B. J. Flick for the defense that he and Anderson had started the case in order to get "blood money" from the defendants.

Jonathan Dark's Widow Testifies.
Mrs. Elizabeth Benson of Dover, Okla., sister of Mrs. Maria Collins Porter, and widow of Jonathan Dark, said to have been a member of the alleged gang of Taylor county outlaws who supposedly robbed and murdered Nathaniel Smith, the Missouri cattleman and his son, in September, 1878, took the stand for the state, contrary to expectations. It had been reported that she would be a witness for the defense. She might just as well have been, for she refused to admit that she knew anything about the alleged murder, or the counterfeiters cave on the Collins' farm.

Examine Nine Witnesses.
Eight witnesses, exclusive of Attorney Bulman, were examined before Justice M. A. Sawyer during the day. Aside from Mrs. Porter, Mrs. Benson and Samuel Anderson, these were mainly officials who had participated in the recent events connected with the case. Samuel Anderson was followed on the stand by his brothers, Robert and Henry, who corroborated his testimony regarding his years of digging for the treasure chest "at the direction of Bates Huntsman, one of the four defendants."

J. H. Humphrey, a constable, appearing for the state, testified that Huntsman had been digging in the cave on the Siam farm, between the time he was released on bond after his arrest last week and the appearance of the sheriff at his place with a search warrant.

Hearing May End Thursday.
It was expected tonight that tomorrow night might see the end of the hearing. The defense claims to have a number of witnesses to examine in the morning.

It was while Samuel Anderson was telling under cross-examination of his search for the box of gold on the Siam farm, and his unsuccessful effort to collect his share after he thought he had unearthed it, that the clash between the attorneys came.

Flick was endeavoring to draw from the witness his motive in going to Bulman with a story that resulted in the murder charges.

Attorney General Cosson arose and explained Bulman's position and that of his department. Bulman, he said, was prosecuting for the state, but was not receiving compensation for it.

"Well, I wish you would go on the stand and explain under oath just how you came to be here," explained Flick to Bulman.

Reads Contract With Andersons.
Bulman took the stand and began reading the contract with the Andersons dated June 12th, 1915, which provided that he was to have one-fourth share of any money that might be recovered. He explained that after the contract was made he started an investigation and six days later cancelled the contract because of indications that murder had been committed.

"Then what is your reward to be," snapped Flick.

"Making this a better country to live in," responded Bulman, while the audience applauded.

The hearing closed for the day with another squabble between Flick and Bulman over the admission of evidence to be given by John Derrison, who Bulman said would go on the stand tomorrow and testify concerning the death several months ago of Doc A. E. Golday, the hermit druggist alleged by Maria Collins Porter to have murdered Smith and his son. This witness, Bulman said, would tell of finding \$43,000 in the home of Golday, which the state alleges was part of the treasure chest's contents.

PACKERS APPEAL TO STATE DEPARTMENT

ASK DEMAND THAT ENGLAND STOP INTERFERING WITH THEIR CARGOES

Want Settlement for \$14,000,000 Worth of Their Products now Held up in Great Britain—Department to Make Representations.

Washington, July 14.—American meat packers appealed to the state department today to demand that Great Britain stop interfering with their cargoes consigned to neutral ports and settle for \$14,000,000 worth of their products now held up in prize courts. They charge the British government with the destruction of commerce in food products between the United States and other neutral nations.

To Make Representations.
After two conferences between the packers and Chandler Anderson, special counselor of the state department, it was announced that the department would make representations to Great Britain. It is understood that this would be done immediately, the communication dealing specially with the complaint of the packers and not going into the general subject of interference with neutral trade under the order in council against commerce with Germany which is soon to be made the subject of another note. The packers will discuss their difficulties further with Mr. Anderson tomorrow. In a statement tonight outlining their case as laid before the department they declare that the British government purposely delays settlement of their claims for seized cargoes and that they are not inclined to re-open trade with neutral countries unless they can be assured of delivery of their shipments to ports designated.

Gives History of Detention.
The statement gives the history of the detention of consignments for Scandinavian countries shipped before the British order-in-council was issued in some instances and in others before it was known to the packers.

**TORNADO STRIKES GRANDSTAND
AT DECATUR BASEBALL PARK**
DECATUR, Ill., July 14.—A tornado struck the grandstand at the Decatur Baseball Park today just as the Decatur and Rockford players were lining up to play. The entire roof of the grandstand was torn off and a portion of it fell upon the crowd below. A number of people were badly bruised but there were no serious injuries.

Players in the Decatur and Rockford clubs rushed to the rescue of the people buried under the wreckage. The damage is estimated to be in the neighborhood of \$5,000.

FREDERIC SHARON DIES.
San Francisco, July 14.—Frederic Sharon, millionaire president of the Palace Hotel company of this city, died of a complication of diseases here today. He was 56 years old and a graduate of Harvard.

Senator Francis G. Newlands of Nevada, a brother-in-law, was at the bedside with Mr. Sharon's wife and other relatives.

FAIL TO FIND BODY.

New Castle, Wyo., July 14.—Searching parties today failed to discover the body of Charles Dussel, a Denver youth, member of the federal biological survey, whose camp was destroyed by a cloud burst in Big Beaver Valley Monday. It is believed he was drowned during the flood, which converted the Big Beaver into a torrent and that his body had been deposited by the receding water some distance from the normal river bank.

10,000 GET RAISE OF PAY.
Toledo, O., July 14.—A 5 per cent increase in wages will go into effect tomorrow at the Overland automobile factory, 10,500 workers benefiting by the increase. The additional wages were offered voluntarily last month by the company. The yearly increase to the men amounts to over \$500,000.

Constantinople, via London, July 14.—An official report issued here today says that the allies on Monday made determined attacks against the left and right wings of the Turkish lines supported by warships, but they were repulsed with heavy losses.

Hedrick, the father of Mrs. Margaret Pease, and George Hedrick, of Des Moines, was not murdered by bandits in Taylor county, Captain L. S. McCoom of Bedford declared today. Instead he was shot by a squad of Union soldiers in 1862, who suspected the Missourian to be a spy of the confederates inside their lines. Captain McCoom is a veteran of the Mexican and Civil Wars.

A squad of soldiers in the northern army caught Hedrick in Taylor county near where Athelstan is now.

They suspected him of being a spy, the captain declares, and after making him dig his own grave shot him to death while he was standing on its edge. The soldiers were in command the captain says, of Captain Flick, grandfather of Attorney B. J. Flick who is handling the defense for the four Taylor county pioneers.

PRESIDENT'S PLANS ARE TAKING SHAPE

Executive Makes Progress in Development of Ideas on German Question

WITHHOLDING JUDGEMENT

Washington Officials Setting Down Views on Situation for Presentation to Wilson

TO EXPLAIN GERMAN VIEW

CORNISH, N. H., July 14.—President Wilson made progress today in the development of his ideas as to the next step in the policy to be pursued by the United States toward the submarine warfare of Germany. He spent practically the entire day working on the question and allowing the impressions which he had gathered from repeated readings of the last German note to take shape. He wrote a long letter to Secretary Lansing and received one from him. It was said that the communications had to do with the German situation, but nothing of their contents was given out. It was understood that Mr. Wilson had not received from Mr. Lansing the formal memorandum on the German questions which he asked for several days ago.

Still Withholds Judgment.
That the president's plans were taking shape as a result of his deep study of the situation was understood here but it was indicated that he was still withholding final judgment until he had had an opportunity of discussing the question personally with Mr. Lansing and others of his cabinet.

Mr. Wilson will return to Washington in time for next Tuesday's cabinet meeting and on that occasion he will take the first opportunity of conferring with his official family over the German question. He has not made any definite plans for his departure and his advisers are urging him to remain in Cornish as long as possible because of the opportunities he has of maintaining complete seclusion and because of the low temperature here.

Officials Setting Down Views.
Washington, July 14.—While there was no outward development today to indicate what progress was being made here toward framing an answer to the last German note on submarine warfare, it is known that officials are at work setting down views on the situation in definite form for presentation to President Wilson on his return.

The general belief is that the president will be here for a regular cabinet meeting next Tuesday and that he may bring with him from Cornish, N. H., a memorandum or rough draft of a note to be sent to Germany. He will exchange views first with Secretary Lansing who it is believed also has mapped out a draft of a note. Decision on the policy to be followed probably will be reached at the cabinet meeting and the new note may be completed by the end of next week.

To Explain German View.
Before the president returns Count Von Bernstorff, the German ambassador, will call on Secretary Lansing to explain at length the viewpoint of his government. The ambassador recommended to his foreign office the inclusion in the last note of those paragraphs expressing the hope that the United States and Germany would work together for the adoption of the principle of freedom of the seas. He places much significance on the expressed willingness of Germany to follow the lead of the United States on the question and thinks that the way is thereby opened for the United States to mediate the entire controversy as they affect neutral rights.

The ambassador it is understood believes his government would accept a tender of good offices that had for its object mediation as between Germany and Great Britain where the rights of neutrals are involved, either in the carriage of contraband or the safety of passenger travel.

Secretary Lansing has not set a date for the conference with Count Von Bernstorff. Mr. Lansing explained today that he had not yet completed his examination of the German note and was not ready to discuss it with the ambassador.

Probably Attorney Stevens knows who hired him to take care of Jacksonville's interests in the rate case. Most lawyers do know who engaged them before entering into a great deal of labor on a case.

In 1896, when novel monetary schemes were proposed, William McKinley originated the slogan, "Let us open the mills instead of the mints." While the European war has opened a few mills and doubtless will open more, that is not the sort of factory business the American people desire. What they want is an economic policy that will keep mills open when there is no war.

The indications are that some street paving is to be done in Jacksonville this summer. Let us hope that the work proposed for South Main street and which must be vigorously pushed in order to have the state fund available, is just the beginning of a lot of paving work. Certainly there are several streets where re-topping is imperative and still others where the property owners really want to pave. Paving work sometimes seems to work hardships on individual property owners, but figured by years the improvements pay for themselves.

It is said that Attorney Munro of Chicago will soon file a new bill in his injunction proceedings which have tied up the various state funds. The purpose of a new bill, it is said, is to get the case to an earlier hearing than September, a very desirable thing to do. Also it is rumored that the new suit will add several other appropriation funds to the list and will include the secretary of state and the state auditor as defendants, desiring that they shall make statements of what was the manner of distributing certain funds.

A Dangerous Practice.

The indiscriminate distribution of patent medicine samples should certainly be stopped and the announced intention of the police department to take steps to control this matter is commendable. The samples left on door steps often fall into the hands of children and many cases are on record where children have died or been seriously sick from eating sample tablets or drinking from sample bottles. Many of these medicines contain drugs which taken in large quantities become poisonous. There are other ways, than doorstep distribution whereby patent medicine manufacturers can make known the values of their products and those other ways should be employed.

Move to Form New State.

A movement to combine sections of Colorado, New Mexico, Utah and Arizona into a brand new state or territory has been started, and a fund has been raised to push the issue to a conclusion. The residents of the section where the four states adjoin each other claim their interests are being neglected by the various state legislatures, and that the section involved is being neglected in development. The first move for a redivision of the states and the formation of a new state will be made in the fall, when the Durango, Col., chamber of commerce will ask congress to take such action, or to at least establish a territory out of the four ends of the four states.

The movement is backed by the business men of the section, who claim that the railroad service fails to encourage development. They point out that it takes 26 hours to get to Denver, via a roundabout route. Dissatisfaction has been growing for some time in this and other cities in this section, and a vigorous fight will be made to secure some new arrangement.

A Law That Discriminates.

The law which makes it possible to prosecute and fine every mechanic who runs an automobile and has not taken out a chauffeur's license presents some strange phases. As in the case of the young men arrested and fined in Jacksonville, there are workers around almost every garage who occasionally drive cars on the streets and who through their work with automobiles come to have a pretty thorough knowledge of cars and know how to drive. If they appear in the streets driving cars they are subject to fine. Yet the inexperienced owner of a car or some other member of the family with little knowledge of how a car is controlled can drive through the streets with freedom from arrest. Naturally some of the "mechanics" who are amenable to the law are doing a lot of talking about the injustice of the matter.

What Scandal Is.

From the New Republic: There are few of us who do not enjoy this sense of really knowing what's what. It extends our experience and gives us a vicarious importance. If we cannot live great passions we

can at least read about Mme. Du Barry's boudoir. If we cannot be smart, we can at least feel that we have an insider's knowledge of the smart set. The moral earnestness and deep attention which people will devote to other people's domestic affairs suggests that gossip is perhaps a genuine primitive art in which there is katharsis through pity and fear and pride and joy. One woman leaves her husband, a hundred women chatter about it, and their passionate interest might make a cynic wonder whether they are not living through all the emotions of a great adventure without the risk of moving away from their own steam radiators. Gossip is experience without responsibility. It is a means of taking part in interesting or important events without any of the risk that comes of being an actor in them. Gossip, in short, is the pleasure of the spectator at the business of life.

MRS. EDWARD SHERWIN HAS NARROW ESCAPE AT WINCHESTER

Is Run Into and Knocked Down by Automobile—Was Able to Be Taken Home—Other Scott County Notes.

Mrs. Edward Sherwin of Glasgow, who was shopping in Winchester Wednesday, while crossing a street, was run into and knocked down by an automobile driven by Joseph McDonald. She was badly bruised about the head, neck and throat. She also had one ear lacerated. There were no bones broken and her escape seemed almost miraculous. She was able to be taken to her home, accompanied by Dr. O'Reilly.

Mrs. Fred Warwick and son Paul of Girard have returned to their home, after visiting with relatives in the city.

Rev. W. S. Gibson of Irwin and Rev. E. L. Gibson of Alton are in Winchester, called here by the serious illness of Earl Nelson. The young man seemed somewhat improved Wednesday.

They will remain in Denver for about two months.

Messrs. Mathis, Kamm and Shibe are showing botanical and esthetic taste in the shape of a garden in the rear of their store. They have a space perhaps 20 feet wide and 40 long and along the side walls handsome vines are trained, while slightly flower beds adorn much of the place. The effect is certainly much more pleasing than it would be with unsightly rubbish, which is too apt to be the case on such areas.

CONCORD.

The children and grandchildren of the venerable Mrs. Larkin Smith united in a reunion Sunday at her home to celebrate the 90th anniversary of her birth, July 10, 1915. The children were all present except Richard, who was unable to get there because of the Mauvasterre being so high. Mrs. Smith is quite active and spry, despite her many years and is interested in all the many developments of modern life and attributes her successful, healthy long career to abstemious, careful living. All unite in wishing for her the best of this and the world to come.

Silas Haworth of Quincy, wholesale dealer there, was in Concord interviewing the merchants here Friday.

Mrs. Maud Newton and children of Chambersburg visited Mr. and Mrs. C. E. Newton one day last week.

Mrs. Ivan Wood of Pisgah and daughter in law, Mrs. Homer Wood and children of Los Angeles, Cal., were in Concord Monday returning from a visit with Mrs. Wood's daughter, Mrs. George Hardwick of Merritt.

The W. F. M. S. of the M. E. church was pleasantly entertained by Mrs. James Cooper at her beautiful suburban home last Thursday afternoon.

Miss Thessie Webster expects to go to Shelton Grove this coming Thursday for a visit.

Mr. and Mrs. Thomas Murphy spent Monday afternoon in Jacksonville.

Mrs. Lincoln Bayless was a Jacksonville business visitor Monday afternoon.

Mrs. Harvey Hansmier was the genial hostess of the Ladies' Aid of the M. P. church at her pleasant home east of Concord last Thursday afternoon.

The many friends of Dr. Streuter of Arenzville were sorry to learn of the untimely death of his wife.

Glenn Caldwell left Sunday for Rock Island on business interests.

Mr. and Mrs. Matthew Dart of Beardstown visited Wednesday with his aunt, Mrs. Alva Rexroat and family.

Misses Alice Bowman and Mary Titus and Robert Willard were guests of friends in Winchester Sunday.

Glenn Yeck went to Brighton Sunday morning on business.

DRIVEWAY DEFECT AT

NICHOLS PARK

The park commissioners regret the bad mudhole in the roadway near the pavilion at Nichols park. It has only been impassable since the severe rains of Saturday, and the mules on the place have pulled out the auto drivers who have been stuck there. Cinders are being hauled in as rapidly as possible.

In a short time the place will be passable. In the whole history of the park this spot has never before given any serious trouble. Yesterday orders were given to warn auto drivers to enter by the east way, which is all right. A tile drain would be a good thing for the place, but it would be quite expensive, and the treasury is low, and then, too, it would make an unsightly cut in the handsome lawn. We may not have another such season as this in ten years to come, but every possible precaution will be taken to have the way made passable and kept so.

FUNERAL SERVICES HELD
FOR WILLIAM B. BROWN

Large Gathering of Friends Pay
Last Tribute of Respect to Dead—
Burial Made in Wood Wreath
Cemetery.

Funeral services were held for the late William Barr Brown, from the family residence, 1109 West State street, Wednesday afternoon at 1:30 o'clock, conducted by Rev. J. W. Miller, pastor of Grace M. E. church. There was a large attendance of friends, both from the city and out of town. The beautiful flowers were cared for by Miss Rebecca A. Brown, Decatur, Misses Helen Phelps, May Brown, Esta Brown and Anna Brown. Robert M. Hockenmull sang most impressively "No night there," with Miss Carrie Dunlap as accompanist.

Rev. J. W. Miller paid a fitting tribute to the life of Mr. Brown. He said in part:

"We do not need a dictionary to know what the word trouble means. The man who would construct a theory of life and leave out trouble would be no philosopher. How to deal with trouble is one of the tests of every life.

"When we turn to the Word of God we are told how to meet the troubles of this life. 'As one whom his mother comforteth so will I comfort you' is the noble promise for the dark hours of life. Could there be a more beautiful and assuring promise than this? The great and precious things of God are often illustrated in various ways by what we see in nature and human life.

"There are some who disparage human qualities in order to exalt divine attributes. I have no sympathy with them. We do not magnify God's beauty by deliberately calling our beautiful things ugly. We do not glorify the comfort of God by calling a mother's comfort, tinsel jewelry. We reason from the known to the unknown. I do not reject the helpful suggestions about God from nature and human life. Here the Word of God brings us some practical idea of the comfort of God by suggesting the most precious instance of human comfort.

"One of the great realities of life is the comfort that God gives to those who trust Him. The lives of the great and good men of history are rich in illustration of this truth. To me the chief message of the Psalms of David is that God's comfort is the heritage of His people. David spoke out of his own experience. Among all the prophets and saints not only of sacred narrative but in all Christian history this precious truth shines undimmed amidst the clouds of sorrow and trial in human experience. It has been the strength in which oppressed and defeated men have risen to new effort and nobler achievement. Through these years of activity in Christian work this fact has been often illustrated to me. Once more within the past few days have I stood face to face with this great and blessed reality, the comfort of God.

"On learning of the serious condition of Mr. Brown I hastened to his bedside. His mind was perfectly clear, he spoke freely of his condition and his realization that the end was near. He that calm faith in God's mercy. There was no cloud on his spiritual horizon. It was evident to me from the first of my interview with Mr. Brown that he was wonderfully sustained by Christian comfort. I was deeply impressed with the peace of mind, the strong confidence in God and the bright hope that lighted up his face. During the prayer that followed the interview assurance that God's comfort was his took possession of me. There was no fear, no darkness there. You who were there have told me that it grew brighter all during the day, and as the evening came and the sun went down and twilight settled down over the earth, it was the twilight of the immortal day to him. You can never forget it. He was thinking of those he was leaving behind and also of those who were waiting for him over there. During the day he was leaving messages for friends and loved ones, that last day was spent in tender solicitations and remembrances for others.

the years of life, at a time when men are at their best. Yet when the stern fact of the approach of death was known to him it did not bring defeat or dismay. He faced the end with calm courage and best of all with unclouded faith in God. Life was as sweet to him as to any prosperous man. He turned his face to the future and there fell upon him the light of the blessed hope of the Gospel. With tenderest messages to the dear ones of earth he by faith clasped hands with the shining loved ones beyond and went forth in great peace."

Burial was made in Wood Wreath cemetery, near Island Grove, the journey being made by automobiles. Rev. J. W. Miller offered a prayer at the grave. The bearers were Messrs. Ben W. Brown, M. F. Dunlap, Mitchell Zachary, Lloyd Brown, W. Finley Brown and Robert Hockenmull.

Among those who were here from out of the city to attend the funeral were: S. S. Zellar, Brazil, Ind.; Miss Ima Harber, Bloomington; B. W. Brown, Brown Hill, Mo.; Mrs. James Smith, New Berlin; Henry Miriam, George Helmle, Lewis N. Wiggins, Ward Conover, Ernest Conover, Ward Conover, Springfield; Miss Virginia Louise Conover, Frank Robertson, Virginia, Mrs. James Simpson, Lexington, Kentucky; Dr. E. J. Brown, Lloyd Brown, Rebecca Alice Brown, Decatur; Mr. and Mrs. William Conover, Lake Charles, La.

LIGHT COMPANY EMPLOYEES HAD SECOND ANNUAL PICNIC

Spent Very Enjoyable Day at Nichols Park—Program of Sports Increased Pleasures of the Event—Baby Show a Feature and the Ball Game Was a "Hummer."

The second annual picnic of the employees of the Jacksonville Railway and Light company was held at Nichols park Wednesday. The day was ideal for the event and was thoroughly enjoyed by all those present. The employees and their families and friends went to the park in the morning and made their camp under the trees on the hill just across the bridge. All of them took well filled baskets and at noon a dinner was enjoyed. Mr. Miser had a stand erected at which lemonade, ice cream, bananas, and other good things were served. This was free and the employees were provided with tickets which were exchanged for the delicacies. Mr. Miser himself did most of the work of waiting on the trade and he was kept busy most of the time.

After dinner the athletic contests were pulled off and created considerable excitement as well as much merriment. There were a number of laughable things, among them being the nail driving contest and the pie eating contest for women. The fat men's race was a great contest between W. B. Miser and Bernard Cole. Miser claimed that he won it by a nose. His nose is longer than Cole's and the officials would not allow his claim and awarded first to Cole. Fred Woodward was clerk of the course. He won two events and became so excited that he lost his list of winners and it required several to figure out what had been done and who the winners were.

After the game between the Jacksonville All Stars and the Springfield Giants the Railway team played the Light plant a five inning game. During the former game the umpire announced that there would be a free game of ball between the above named teams. He was mistaken it was not a game. Rev. Walter E. Spooner was the umpire. Fred Woodward hit Otto Kuchman with the ball. It wasn't because Woodward had good control but because Otto was so wide he couldn't throw the ball past him. The reporter had to leave before the contest ended and we are not sure what the score was. It is probable no one else was sure either.

The events and winners were as follows:

Fat men's race—Cole won, Miser also ran.
Sack race, won by Carrigan.
Potato race won by Woodward.
Running broad jump won by Roy Williams.
Standin broad jump won by Woodward.
High jump won by Roy Williams.
Throwing baseball for women won by Miss Dana Baird.
Nail driving contest for women won by Mabel Williams.
Pie eating contest for women won by Mabel Williams.
Fifty yard dash won by H. Davey.
One hundred yard dash won by H. Davey.
Fifty yard dash for boys won by Eugene Burkery.
Lean men's race won by Roy Williams.
Women's race won by Mabel Williams.
Girls' race won by Marie Carrigan.
Bean race for girls won by Mary Todd.
Bean race for women won by Mrs. F. D. Woodward.
Cracker eating contest won by Charles Prentice.
Apple eating contest won by Albert Curtis.
Three-legged race won by Davey and Smith.
Prize for oldest couple on grounds went to Mr. and Mrs. Williams, who have been married 41 years.
Largest family on grounds, Paul Young, six members.
Baseball resulted in a victory for Paul Newell's team by a score of 7 to 6.
The employees stayed at the park after supper for a dance, which was given in the pavilion.

The baby show was closely contested with the following entrants. Mr. and Mrs. Russell Connor, Mr. and Mrs. Leo Doolin, Mr. and Mrs. O. C. Crabtree, Mr. and Mrs. Roy Ayers, Mr. and Mrs. Angel, Mr. and Mrs. Denver Buck, Mr. and Mrs. A. Robinson. First prize was awarded to the baby of Russell Connor though the babies of Leo Doolin and O. C. Crabtree were running a close second and third.

NEIGHBORS HAD TROUBLE.

For some time past there has not been an entirely good feeling between James R. Taylor and Alfred Anderson, farmers residing in the vicinity of Chapin. Not long since the two men met in the public road and, as the testimony went, when the case was heard before Squire Dyer, Wednesday, Anderson accused Taylor of endeavoring to entice away his (Anderson's) farm hands. Taylor vigorously disputed and in the discussion that followed Taylor alleged that Anderson threw clods at him and brought suit for assault and battery. The result was Anderson was fined five and costs amounting to something over \$16.50.

BOY ARRESTED ON CHARGE OF LARCENY

Howard Johnson, colored, was arrested in Alton Tuesday on the charge of larceny. He is wanted here and Patrolman White went to Alton Wednesday and will bring the boy back today. The culprit is about fifteen years of age and his parents reside on West Morton avenue. Chief Davis says they have been unable to control the boy and want him sent to the reform school.

OLD JACKSONVILLE

Lincoln in 1858

By Ensley Moore.

Member of Illinois State Historical Society.

One of the greatest political battles ever fought in Illinois or the United States—in its after effects—was the campaign for the senatorship from Illinois in 1858, between Abraham Lincoln and Stephen A. Douglas. Out of it in part came results dividing the Democratic party, electing Lincoln to the presidency, and ultimately in four years of embattled conflict in which blood deluged the South.

Mr. Lincoln, July 24, 1858, wrote his first letter, challenging Douglas to joint debate, the correspondence ending by Douglas' selection of seven points in the state, and seven dates, when they should meet. They were as follows:

Ottawa, Aug. 21; Freeport, August 27; Jonesboro, Sept. 15; Charleston, Sept. 18; Galesburg, Oct. 7; Quincy, Oct. 13; Alton, Oct. 15.

These places as the map will show, were widely apart and reached main divisions throughout the state.

Jacksonville was not taken for a joint meeting, but both Lincoln and Douglas came here at their convenience, Douglas being here first. It is to be remembered that Jacksonville introduced Douglas to the state and first (Morgan county) gave him political office. In those times the occasion of the visits of political gladiators was referred to as "Douglas Day", "Lincoln Day" etc. In those times, also, Jacksonville had no daily newspaper to publish its affairs of great moment, so the Illinois State Journal of Springfield came out, on Tuesday, September 28, 1858, with the following "headlines":

"A Grand Demonstration at Jacksonville."

"The Whigs, Republicans and Americans of Morgan, Sangamon, Menard, Cass and Scott in Council."

"The Great Triumph of the Campaign."

"15,000 People Turn Out to Hear Honest Abraham Lincoln, the Grand Champion of Popular Rights."

This was followed by this description of the events of that far away day:

"Monday, Sept. 27, is a day long to be remembered in Jacksonville. Never since the settlement of that beautiful city (town) was it the scene of so much excitement and animation as on that day. The people heard and obeyed the summons to 'come as the winds come, when the forests are roused, come as the waves come, when navies are stranded.' And they were present, more numerous than the leaves of autumn, and filled with that enthusiasm and spirit which is now the forerunner of success. Delegations were present from all parts of Morgan, and also from Sangamon, Menard, Cass and Scott, and the procession was one of the largest and most beautiful ever seen in Illinois. It was nearly three miles in length and nearly every wagon and carriage was supplied with its own flag or motto.

Eloquent and powerful speeches were made by Mr. Lincoln, and Mr. Blair, of St. Louis, from one stand, and as the crowd continued to increase so as to be beyond hearing another stand was erected, from which Mr. Conkling of this city delivered one of his best efforts. The court house yard was fairly alive during the entire afternoon.

Owing to the lateness of the hour at which we write, and a press of other matter, we are compelled to defer a detailed description of this grand demonstration of the Republicans, Americans and Whigs of the Centre, until tomorrow."

Under the heading: "Mr. Lincoln at Jacksonville," the Journal of Sept. 29, 1858, said: "We were obliged, on yesterday, to cut short our account of the great Lincoln demonstration at Jacksonville, and therefore present the following additional details this morning:

"The train reached Jacksonville about 11 o'clock, and, we found the immense procession waiting at the station to receive us. It presented a beautiful appearance, with its long line of banners and flags floating from the top of tall poles, stretching off to the southwest beyond the reach of vision (North Main street). After our delegation had been received and incorporated into the procession, it moved to the public square, where it was joined by very large delegations from Lynnville, Franklin, Bethel and many other places."

"The Procession. At 12 o'clock the procession, which had been forming all morning, was in complete order and, under the direction of a host of marshals, it was escorted through the principal streets.

"It was a rare and beautiful spectacle, and as the long line of wagons with their tall flag staffs ornamented with national ensigns, together with various beautiful designs, pointed with witty mottoes, moved through the handsomely shaded streets, the effect was grandly impressive. It was literally an army with banners."

"The Beardston Independent Guards, a fine looking infantry company, with their band, were placed near the head of the procession, together with a rifle company, an artillery company, and the Rescue Fire Company, all of which belong in Jacksonville. The handsome uniforms and accoutrements, added much to the general display. We intended giving a short account of each delegation, together with their mottoes, but the great length of the procession and the immense number of flags (which it was estimated, if sewed together, would themselves be more than a mile long) renders this impossible and we shall content ourselves with referring to a few of the most striking points.

"The Meredosia delegation was 105 strong; a significant fact, when it is remembered that but two votes were cast in that town for Fremont in 1856. They carried a banner inscribed 'Meredosia Lincoln Club', and were accompanied by an excellent band of music.

"Lynnville, an English settlement, turned out to the number of several hundred. They also had a fine band, and a number of expressive mottoes, on one of which we read: 'The Spirit of Henry Clay is With Us'; another, 'The Principles of Washington and Jefferson Will Do Us.'

"The Jacksonville Republican Club excelled all others in their display. They had a beautiful silk banner with the coat of arms of Illinois, around which the name of the club was inscribed; and on the reverse, 'Liberty and Union', etc. Also a beautiful canopy elevated over a wagon, in which was seated a young lady, representing the Goddess of Liberty. Another, with a little boy, representing Washington and another with a man in uniform, of the Continental army, representing Gen. Wayne. Following these was a large ball, also placed upon a wagon, and so arranged as to be continually turning; revealing the following mottoes:

"Roll on the Ball."

"Lincoln for U. S. Senator."

"Miller for State Treasurer."

"Batemans for Supt. Pub. Instruction."

"Matheny for Congress," and so forth.

A full rigged ship on wheels, and manned by Portuguese; a wagon containing a carpenter's bench, with men busy at work; another containing paper hangers; another with blacksmiths and forge; all carrying mottoes in favor of Free Labor, and so forth.

The delegation from Winchester was one of the most imposing.

Among the banners they carried was one, saying: 'We have faith of Abraham'; another 'Clay the Compromise maker, Douglas the Compromise breaker.'

One of the most amusing designs was a picture of a cow, with Buchanan pulling at her horns, and Douglas at her tail, while Lincoln was quietly taking her milk.

Another banner said: 'Douglas took the milk sickness in Egypt,' while still another recommended 'Dr. A. Lincoln's infallible remedy for milk sickness.'

'We cannot make room even to refer to one half the good things which appeared in the procession. One of the most attractive was the cars containing young ladies. Of these there were ten, and containing thirty two young ladies attired in white dresses, representing the different states, and carrying banners, inscribed: 'We are for Lincoln.' 'The longest pole knocks the persimmons,' and so forth.

The Speaking.

Mr. Blair first took the stand, which was handsomely decorated, and ably defended the Republican party from the charges of its opponents, and explained his scheme for colonizing the negroes in Central America.

He was followed by Mr. Lincoln who replied to the silly charges made by Douglas, from the same stand a few weeks ago, concerning his (Lincoln's) bargain with Judge Trumbull. He proved their falsity, and triumphantly sustained himself and the principles for whose success he is laboring.

While Mr. Lincoln was speaking the crowd increased so greatly that he could not be heard by thousands on the outer edges, and another stand was fitted up. From which J. C. Conkling poured hot shot into Locofocoism, until its votaries were forced to yell with pain.

The number present was variously estimated at from twelve to twenty thousand, we think fifteen a fair estimate.

We select the following from among the most pointed mottoes:

"Douglas's audiences—Two Reporters and a Brass Cannon."

"The Whining Schoolboy—He Wants my Place."

"Douglas Can't Pull the Wool over Us."

"Keep the Negroes out of the Territories and They Will not Amalgamate."

"Murrayville—Every vote for Lincoln."

"Democratic Factions—Let them Fight."

"Down with the Compromise Breaker."

"Lincoln, the Champion of White Men."

"James H. Matheny, the Man for the Times."

"The Declaration of Independence without the Douglas Amendment."

"Jacksons' Democrats and Clay Whigs for Lincoln."

"You cant come it, Stephen."

"Lincoln and Trumbull—A Noble pair of Senators."

"Mistake in the Sex—The Little Milk maid (Dug) after the Wrong Cow (Office)."

"Abe Lincoln for the protection of the Territories, Freedom Na-

The whole affair passed off in the most pleasant manner possible, and without accident of any kind. At five o'clock the whistle sounded and the delegation from this city started for their homes.

The Meeting at Night.

In the evening a large concourse again assembled in the Court House yard, and were successively addressed by Messrs. Hay, Conkling and Yates, and the great demonstration finally ended with many repeated cheers for Lincoln and the Republican cause."

The frequent reference to wagons in the procession is to be noted, for in that day buggies and carriages were not so numerous, by any means, as they have been of late.

The point of some of the allusions in the mottoes was to the factional fight between Buchanan and Douglas.

In the Meredosia delegation was a top buggy, out of which a banner stuck forward, inscribed: "Our Charlie says, 'Hurrah for Lincoln.'" "Charlie" is today Lt. Col. C. H. Grierson of the Regular Army of the United States. In the buggy was Charlie's mother and father. It need scarcely be said that a few years later, Benjamin H. Grierson, the father, sustained Lincoln, in the field, as a Major General of Volunteers, and that he spent the succeeding years of his life in the army, being retired as a Brigadier General of the Regular army.

Of the two men who voted for Fremont in Meredosia, in 1856, Grierson was one. He said long after: "Some one said I would not be allowed to vote for Fremont." And then he ejaculated a very fierce and strong "huh!" in characteristic style. It is observed that he voted for Fremont, and lived to tell of it!

Grierson and Lincoln were not the only coming heroes present in 1858.

Richard Yates, the greatest War Governor, spoke that night from a stand on the east side of the Court House.

"Mr. Blair of St. Louis" became Maj. Gen. Francis P. Blair, a corps commander in the Union army a member of Congress, and a candidate for Vice President of the United States Blair's brother, Mont. gomery, was a member of Lincoln's first cabinet.

Milton Hay and Jas. C. Conkling of Springfield afterwards—as they were among the leading men of Illinois.

It would be interesting to know how many heroes destined to wear the blue were present in that crowd of attendants at Lincoln's meetings. No doubt many sealed their devotion to the Union and Liberty with their lives.

ENJOY PARTY WITH TEACHER.

The class of Ebenezer Sunday school No. 8, King's Messengers met at the home of their teacher, Mrs. H. I. Ferreira Wednesday. The day was spent with games and music and the occasion was one of much pleasure. During the day delicious refreshments were served. Those present were: Ruth Dewese, Mary A. Reid, Helen Dinwiddie, Lena Stillwell, Flora Birdsell, Susie Boddon, Rose Challaer, Eugene Stanley, Paul Cully, Robert Ferry with Mrs. H. I. Ferreira as chaperone.

SAFETY FIRST SIGNS

You will see entering our city on the public Highways.

Just now when there's so much talk of physical safety, it seem fitting that we should call attention to our policy of "Safety First" in clothes buying.

We guarantee satisfaction or your money back, which means that before you buy you know that your money is safe.

We are going to have warm weather shortly, and we will see that you get summer comfort and "safety."

ILLINOIS SECOND STATE IN AUTOMOBILE OWNERSHIP

Revenue Received Through Taxing Cars is not as Great as Some Other States.

The following figures concerning the ownership of automobiles in the United States is taken from the Illinois State Register.

For the first time, an official compilation of automobile registrations has been made by the department of agriculture. At the end of 1914 there were 1,666,954 pleasure automobiles in the United States, and in addition 44,855 motor trucks, a total of 1,711,339 motor vehicles in use throughout the country. Revenues received by the states for the registration of the cars aggregates \$12,270,936, and chauffeurs' fees amount in addition to \$427,179. The census by states is given below, including the revenues received. It will be seen that Illinois is second in the number of automobiles in use while California, which stands third in the list of automobiles in use, is second in revenues received from them. Illinois has 8,636 more automobiles than California, which receives \$637,060 more revenue than Illinois. California certainly has a splendid hard road fund from automobiles. In New York the rate for registration is higher also than in Illinois and that state receives more than a million and a half dollars. Illinois stands seventh in the revenue received from registration. This record is for the year 1914 and the standing of Illinois, both as to number and registration of automobiles may be changed when statistics for the year 1915 are tabulated.

The tabulated statement for 1914 follows:

	No. Cars	Revenue.
New York	150,898	\$1,529,852
Illinois	131,140	699,726
California	123,504	1,336,785

ROAD IN FINE CONDITION.

H. H. Clark, living three miles north of Jacksonville on the North Main street road, says that the oiling done on that highway has given the most satisfactory results. After the very heavy rains recently the road was in fine condition for travel as the oiled surface proved impervious to the rain. Mr. Clark did most of the dragging before the road was oiled.

John Dickens of the vicinity of Chapin had occasion to visit the city yesterday.

SOX TAKE SECOND OF SERIES FROM ATHLETICS

BY BUNCHING HITS.
CHICAGO MAKES RUNS EARLY

Schang's Home Run in the Fifth and the Fielding of Fournier and Leibold Are Features.

Chicago, July 14.—Dilatory tactics in attempts to have the game called on account of rain caused Philadelphia the second game of the series with Chicago. Chicago made its early runs by bunching hits, with a base on balls and an error by Strunk. Schang's home run in the fifth and the fielding of Fournier and Leibold are features.

"MORNING GLANCES" (By Gosh)

Philadelphia further increased her lead in the National league pennant race Wednesday when she again beat St. Louis, while Chicago was breaking even with the Giants. The Phillies picked the Cardinal pitchers for thirteen hits and six runs, while the best the Cardinals could get was nine hits and three runs.

After seeing the Springfield Giants play, we wonder how they ever held the Springfield Independents to a 3 to 1 score. As is usual in such cases, they claimed that they did not have their regular line-up. However, the ones who took their places played as well. If not better, than the regulars who were here, so it does not appear that the team was weakened by their absence. Poston is the man who has been pitching for the Giants and he is sick at the present time.

The victory of the Cubs yesterday was the first that they have won on their eastern invasion. They lost four to Brooklyn and two to the Giants. In the game which they won, Cheney outpitched Tesreau.

Jack Coombs, who has been out of the game with a strained tendon in his leg, came back yesterday and beat Fred Toney in a pitchers' battle, 2 to 1.

In winning from the Cardinals Wednesday the Phillies walloped three pitchers. The men who got them were Meadows, Perdue and Sallee. Demaree was never in trouble.

NEW YORK AND CHICAGO DIVIDE DOUBLE BILL

GIANTS TAKE FIRST GAME, 6 TO 5.

Cheney Wins Pitchers' Battle From Tesreau and Schauer in the Second—Cubs Win by Scoring in the Seventh.

New York, July 14.—New York and Chicago divided a double header. Taig was Chicago's first victory in the east on this trip and after six straight defeats at the hands of Brooklyn and New York. New York did not waste a hit in the first game. In the second Cheney won a pitchers' battle from Tesreau, and Schauer. The Cubs won by scoring two runs in the seventh inning on a pass to Sailer, William's single, a sacrifice fly by Phelan and a three base hit by Archer.

STROMBOLI WINS CLASSIC

SUBURBAN HANDICAP AT NEW YORK

Rider Is Said to Be Responsible for Crowding on the Bend Which Resulted in Three Horses and Jockeys Being Thrown.

New York, July 14.—When Stromboli, the 4-year-old chestnut gelding, by Fair Play-St. Priscilla, owned by August Belmont, flashed under the wire a winner of the classic suburban handicap at Belmont park today, it marked the third winning of this big eastern stake for the chairman of the Jockey club. Turner, who had the mount on Stromboli today, an impost of 122 pounds, was said to be responsible for crowding on the bend, leading from the back to the main stretch, which resulted in three horses and jockeys being thrown. One of the animals, Norse King, a Belmont bred colt, which was bought last year for \$200 by F. B. Lemaire of Brooklyn, who since refused \$20,000 for this half brother to the winner of today's event, broke his leg and had to be destroyed.

After the race was over the stewards heard all the jockeys who rode in the race when a claim of foul was made. Several of the riders claimed that Turner was responsible for the accident. The officials, however, did not change the placing of the horses as they finished with Stromboli the winner, T. J. O'Brien's Sam Jackson, 100 pounds, McDermott up, second, a nose in front of L. E. Parsons' Sharpshooter, 106 pounds, but well ridden, which beat the western horse, Hodde, owned by W. J. Weber, a scant head for third money. The time was 2:05 2-5.

WORLD'S MARKET NEWS

ANXIETY REGARDING BLACK RUST FORCES ADVANCE IN WHEAT
Market Closes Strong at a Raise of 1/4 to 5/8 Cents—Corn Finishes a Shade Up.

Chicago, July 14.—Anxiety regarding black rust forced an advance in wheat prices today that bordered on the sensational. The market closed strong at a raise of 1/4 to 5/8 cent. Corn finished a shade up and oats with a gain of 1/4 to 1/2 cent. In provisions final quotations varied from 10c decline to a rise of 20c.

Fresh reports of black rust infection were accompanied by signs that foreigners had abandoned a waiting policy in regard to buying wheat. It was found that offerings in the pit had lodged in strong hands, chiefly firms with connections at the seaboard. Speculators who had been indulging in short sales were unable to protect themselves, and there were many stop-loss orders executed during the upward whirl that was witnessed as the session came to an end. The buying flurry received some additional impetus from a bullish construction placed on the government's weekly crop report and on Berlin advices regarding Germany's attitude as to submarine warfare. Free selling by skeptics about black rust danger depressed the wheat market until about the middle of the day. Renewed rains, however, in Kansas and other important sections of the harvest region tended to check the bears. There was no decided upturn, though previous to the receipt of dispatches from the northwest that seemed to imply a more serious outlook as to the dreaded black rust.

Corn responded to the action of wheat, but kept throughout within a narrower range. Weather conditions were generally referred to as being against the bears. In the oats crowd wheat strength more than offset favorable crop reports. Shipping demand was good and on some sales to the seaboard the buyers paid the highest premiums of the season.

JACKSONVILLE STARS WALLOPED GIANTS FROM SPRINGFIELD

Game Played at Nichols Park Ended
in Favor of the Home Team—
Looked Like Victory for Visitors
at First.

Jacksonville's All Stars defeated the Springfield Giants at Nichols Park Wednesday afternoon in an exciting game by a score of 4 to 2. There was a good crowd present and the contest was thoroughly enjoyed. For a time it looked like the visitors were going to take home the bacon but finally Duncan got on first and ran wild. He got the Springfield team to throwing the ball in every direction and finally scored Jacksonville's first run. At the time the score was 2 to 0 in favor of Springfield. This incident seemed to take a little of the pep out of the visitors and in the succeeding innings they went awailing and before they descended Jacksonville had made three more runs.

One G. Jones was on the rubber for Springfield. Mr. Jones is a tall individual and came here with a record of twenty-one strikeouts. He must have been pitching against a team of blind men that day. Mr. Jones had an expansive smile, that is at first. It soon faded and from the seventh inning his face wore an expression of something akin to pain. It was a shame what happened to Jones.

Doug Norton pitched a good game for Jacksonville. He was not as steady as usual but in the pinch he was strong and easily held the Springfield team at bay. He was given good support by Shannon back of the bat and in center Geo. Young made a great running catch that would have been good for a triple or a home run if it had gotten away.

How the Runs Were Made.
Springfield scored their first run in the fourth. F. Wright walked and stole second and third and scored on Bassett's double. Their last run came in the sixth inning. M. Wright walked and went to second on a passed ball. Cansler fled to Young who made a great catch. F. Wright singled and M. Wright scored. That was all.

Jacksonville was not able to solve Jones until the sixth. Up to that time they had only made two hits. Stewart started the inning by striking out. Duncan laid the ball down and beat it out. G. Jones pegged wild to first and he went to second. A moment later G. Jones tried to catch Duncan napping and threw wild to M. Wright and Duncan took third. He scored on Trumbo's outfield fly. Buckner hit for two bases in the seventh and came home on Shannon's smash through the infield.

Jacksonville won the game in the eighth. Stewart was hit by a pitched ball. Duncan hit to M. Wright and Stewart was caught at second. Trumbo singled and Duncan took second. Norton fled to Bassett. Buckner came through with single and Duncan and Trumbo who moved up on an error of M. Wright both counted.

8,000 COPS GO TO SCHOOL.

New York, July 14.—The uplift movement has struck the New York police force. The giants of the Great White Way, the pussy-foots who run down the bomb gangs, the protectors of life and limb at the crossings and the host of ordinary cops have been found lacking in high brow stuff, and must needs go to school. The opening of the new school for policemen will take place tomorrow. The city is providing special education better to fit the officers for their work. Special weekly classes have been organized, wherein technical and general education of the patrolmen will be conducted.

It is said that over 4,000 policemen have applied for membership in the classes, for through this method a better chance of promotion is opened up. The ordinary patrolman will be schooled in the things a police sergeant should know, which are said to include a list of 1,500 subjects.

PROBATE COURT.

In the guardianship of Lee, Alameda and Henry Bolton, the guardian was discharged as to Lee Bolton after filing satisfactory report and final receipt.

A distress for rent suit was filed in the circuit court Wednesday for hearing at the coming term by Farwell Wagstaff and directed against Carl Bacon. The instrument is to protect a rental of \$368.

Fred Panhorst, who has been visiting his grandmother, Mrs. Frances Braun, and uncle and aunt, Mr. and Mrs. George C. Guthrie, has gone to Seattle, Wash., to visit his aunt, Mrs. Libbie Martin, and family.

MERRIT.

Misses Georgia and Ella Hawk and Mrs. Anna Coultas left last week for different points in the west. They expect to visit the exposition before returning home this fall.

The fourth quarter after conference of the Hymnville and Merritt M. E. churches will be held in the Ayers bank building one week from Saturday at 1 p. m.

Mr. and Mrs. W. D. Hitt spent Saturday and Sunday in Jacksonville, guests of relatives.

The Ladies' Aid society held its regular business meeting in the church parlors Tuesday afternoon.

Mrs. Paul Waterfield and daughter are visiting in Jacksonville.

Gerald Carpenter and family arrived here from Roseville, Ill., Friday and are guests of Mrs. Effie Carpenter.

W. D. Hitt was a Winchester caller Tuesday.

Mr. and Mrs. John Beasley and daughter have gone to Kansas for a stay of two months. While there Mr. Beasley expects to work at the carpenter trade.

YOUNGBLOOD PRAIRIE.

Mrs. Dora Owen and little son returned Saturday from a week's visit with friends in Scottville.

James Ellington reports some tall oats and clover in his field. He says he has oats measuring six feet and clover over four feet and 41 potatoes in a hill and wants to know who can beat his record.

All the Milk You Want in 10 Seconds

It's only the water in milk that makes it liquid. Nature did that so it could flow and be poured. But liquid milk gets sour—it's bulky, and at once absorbs and retains serious impurities. We've taken fresh cow's milk, and we have taken out of it all the water—we have added nothing—and we have sterilized and purified it to make it the purest milk ever sold. This gives you the new way, "Favorite" Powdered Skimmed Milk. It's a dry powder—you simply add the water we've taken out.

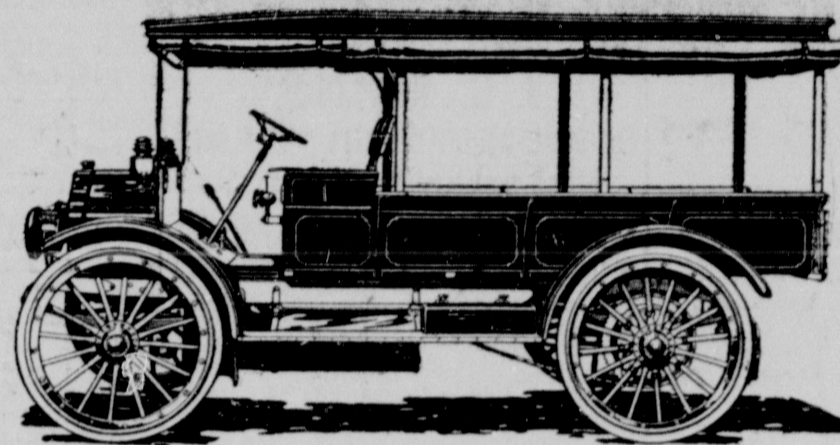

"FAVORITE" Powdered Milk

It's nothing but the real milk minus the water and impurities. You use it in any and every case where you have been accustomed to use ordinary milk. "Favorite" Powdered Milk is not a condensed or evaporated milk which has been changed in its composition. It's real milk, nothing but milk. Every package of "Favorite" Powdered Milk contains enough to make about ten quarts of delicious milk. This means pure milk at 2 1/2 cents per quart. It never sours, is always ready. It costs less than any milk sold. Try it for puddings, custards, candy-making, baking and cooking. It's delicious to drink. Get a package today; if you're not satisfied, your money will be refunded.

MR. ROUNT LEFT BULK OF PROPERTY TO WIFE

WILL DISPOSING OF LARGE PROPERTY INTERESTS FILED WEDNESDAY.

Sixty Thousand Dollar Bequest Made Rount College—Without Surviving Heirs. All of the Estate Would Have Gone to That Institution—\$100,000 Estimated Value of Mr. Rount's Holdings.

The will of the late William R. Rount, which was drawn in 1910, was filed in the county court Wednesday afternoon. Mr. Rount bequeathed \$60,000 to Rount college, \$5,000 to the Church of Our Savior as a fund for the benefit of the poor, \$1,500 to a nephew, and the remainder of his estate to his wife. The will as drawn gave the bulk of the property in equal parts to Mrs. Rount and the late Harvey J. Rount, but because of the death of Harvey Rount, Mrs. Rount acquires the holdings originally bequeathed to both her son and herself.

The will does not give any indication as to the value of Mr. Rount's estate, but it is known he paid a personal tax on property valued at \$42,630 and that the bulk of his estate is invested in Morgan county and Missouri lands. Mr. Rount is said to have owned about 1,300 acres in this county and 850 acres in Missouri, and the estimated value of the estate is about \$100,000. After the payment of all bequests made, paying the costs of administration, etc., this will leave something more than \$300,000 to Mrs. Rount.

The will was drawn March 25, 1910, with William S. Ehnie and Charles A. Johnson as the witnesses. It was provided that Harvey Rount, son of the deceased, and Frank Elliott, his long time friend, should become the executors, but by reason of the death of Harvey Rount, Mr. Elliott becomes the sole executor. The document provided that in case Mr. Rount was not survived by either his wife or his son, that the property bequeathed to them should pass to Rount college and be added to the endowment of the institution.

Text of Will.
I, William R. Rount, of the county of Morgan and the state of Illinois, being of sound mind and memory, do hereby make, publish and declare this instrument of writing as, for and to be my last will and testament, hereby revoking all former wills by me made.

First—I give, devise and bequeath to my beloved wife, Martha A. Rount, all my household goods and chattels and the furniture and fixtures of my residence, including all books, pictures, chinaware, silverware, also my wearing apparel, watch and jewelry, and also any horse or horses, buggy, carriages or other vehicles which I may own at the time of my death, together with the harness and the stable fixtures and equipment, and I desire that no appraisal or inventory of such property be made, but that she enter into possession of the same at once after my death.

Second—I give, devise and bequeath to my wife, Martha A. Rount and my son, Harvey J. Rount, all the real estate of which I may die seized or possessed or which I may own at the time of my death, including farm lands, town and city lots and other real estate of whatsoever kind or nature it may be and wherever situated, share and share alike—that is, one-half to each.

Third—All the rest and remainder of the property or estate of which I may die seized or possessed, or which I may own at the time of my death, of whatsoever kind or nature it may be, and wherever situated, I direct my executors hereinafter named to convert into money by collection, sale or otherwise in such manner and way as may in their judgment and discretion be proper and expedient, considering the best interests of my estate, and to dispose of the proceeds thereof as follows:

A. To pay all just debts and funeral expenses.

B. To pay to the Very Reverend John W. Crowe, or in case he be not then living, or be not at that time the rector of the Church of Our Savior of Jacksonville, Illinois, then to his successor or to the person who may then be the rector of the Church of Our Savior, the sum of \$500 as an offering for requiem high masses to be paid for the repose of my soul.

C. To pay to my nephew, Charles S. Newman, now of Chicago, Ill., in case he be living at the time of my death, the sum of \$1,500 as a bequest from me.

D. To pay to the trustees of the Roman Catholic church of Our Savior of Jacksonville, Ill., the sum of \$5,000 to be held by them in trust and to be invested by them and the interest and income accruing therefrom to be used by them according to their discretion for the benefit of the poor of Jacksonville, Ill.

E. To pay to Rount college of Jacksonville, Morgan county, Illinois, as a bequest from me, the sum of \$60,000, to be added to its endowment fund.

F. To divide, distribute and pay over the rest and remainder thereof after the payment of the expenses of the administration of my estate, to my wife, Martha R. Rount, and my son, Harvey J. Rount, share and share alike, as bequests from me.

In the event my wife, Martha A. Rount, should not be living at the time of my death, then I give, devise and bequeath to my son, Harvey J. Rount, all that portion of my estate which she would have received, if living, including real estate, personal property and the bequest which I have made to her

under the provisions of Sec. III of this, my will, and I direct my executors, in such event, to pay to my said son, Harvey J. Rount, the amount thereof.

In the event of the death of my son, Harvey J. Rount, before my death, leaving a child, children or descendants surviving him, then, in such event, I give, devise and bequest to such child, children or descendants of my said son, Harvey J. Rount, as may be living at the time of my death, all that portion of my estate which he, my said son, would have received, if living, under any of the provisions of this, my will, including real estate.

In the event of the death of my said son, Harvey J. Rount, before my death, leaving no child, children or descendants surviving him, then I give, devise and bequest to my wife, Martha A. Rount, all that portion of my estate which he would have received, if living, including real estate and the bequest which I have made to him under the provisions of Section III of this, my will, and I direct my executors, in such event, to pay to my said wife, Martha A. Rount, the amount thereof.

In the event that neither my wife, Martha A. Rount, nor my son, Harvey J. Rount, nor any child, children or descendants of my said son, Harvey J. Rount, be living at the time of my death, then I give, devise and bequest to Rount College of Jacksonville, Ill., to be added to its endowment and used for the support, maintenance and welfare of the institution, all that portion of my estate which my wife, Martha A. Rount, my son, Harvey J. Rount, any child, children or descendants of my said son, Harvey J. Rount, or any of them, would or might have received, if living, under the provisions of this, my will, including real estate.

I appoint my son, Harvey J. Rount, and my friend, Frank Elliott, of Jacksonville, Morgan county, Illinois, executors of this will, and I give unto my said executors, or the survivor of them, or whichever one of them may qualify, full power and authority for the management and control of the property coming into their hands or possession under the provisions of this, my will, for the purpose of and in so far as is consistent with the proper carrying out of the provisions of my will; and I request that no bond or security be required of them, or either of them, by the court.

In witness whereof, I have hereunto set my hand and seal this twenty-fifth day of May, A. D. 1910, and have also signed my name at the bottom of each of the two preceding pages of this, my will.

Witness my hand and seal this twenty-fifth day of May, A. D. 1910.
William S. Ehnie.

PEDDING OF PATENT MEDICINES

Some citizen has sent to Mayor Rodgers a sample of patent medicine which he picked up on a porch where a small child was playing. It is probable that the child would have gotten hold of the package and eaten the contents with disastrous results. Mayor Rodgers turned the package over to Chief Davis and the latter told a Journal reporter Wednesday that he intended to arrest anyone he found delivering any kind of patent medicines. The chief is of the opinion that these samples could be easily sent by mail and thus the danger of children getting hold of them would be minimized.

PUSHING PREPARATIONS FOR SOUTH MAIN PAVING

Public Hearing of Property Owners Called by Board of Local Improvement for July 21.

The preparatory work for the re-topping of the South Main street pavement from Morton avenue to Michigan avenue is being pushed as rapidly as possible. The board of local improvement at a recent meeting passed a resolution providing for the pavement and specifying that tarvia shall be the paving material. The public hearing of property owners will be held Saturday, July 21, and City Attorney Reeve is preparing the notices to mail to them calling this meeting. The total cost of the improvement according to Engineer Henderson's estimate will be \$13,060.65.

As previously stated, the special reason for hastening the work on this particular part of the street is so that the job may be completed before September 30. If this is not done the money appropriated by the legislature two years ago for the work will revert to the general fund of the state.

BOOTLEGGER IS GIVEN FINE AND JAIL SENTENCE

Louis, alias "Duck" Cady, was arraigned before Judge William H. Thomson in the county court yesterday and was fined \$100 and costs and sentenced to jail for thirty days. There were five counts against Cady, but by arrangement with the state's attorney the others were dismissed after Cady had agreed to plead guilty and accept the maximum punishment under the law. Cady was arrested some days ago by Deputy Stice. If Cady has to stay in jail for the fine and costs it will take him about four months to serve his sentence.

THE KINNERS FAILED TO ARRIVE.
Dr. and Mrs. H. N. Kinney who were so confidently expected last evening failed to arrive, greatly to the disappointment of the congregational people who were expecting them. The fact is strange as they wrote from Rochester, Minn., that they would be in Chicago Tuesday morning and expected to be here Wednesday some time. Previously they had been notified regarding trains and roads from Chicago to this city but must have changed their plans or missed train connections.

JAMES WHALEN DIES AT HOME ON CLAY AVENUE

Passes Away at 8:30 O'clock Wednesday Night at Our Savior's Hospital.

James Whalen of South Clay avenue died Wednesday evening at 8:30 o'clock at Our Savior's hospital. He had been ill for the past two months. He was born in Missouri 58 years ago, but had lived for 14 years in Cass county, Illinois. The family at one time resided at the corner of Lincoln and Michigan avenues. Mr. Whalen was a farmer for a great many years.

Besides his wife, he leaves one daughter, Mrs. Thomas Casey of this city; a brother, John Whalen of Virginia, and two sisters in Kankakee, Mo., one of whom is Mrs. Julia Reid, who was with her father when he passed away. The other sister is ill and will not be able to attend the funeral. He also leaves five nephews residing in Keokuk, Iowa.

Funeral arrangements will be announced later.

THRASHING IS IN PROGRESS.

The recent dry weather has made possible a resumption of thrashing on Morgan county farms and a number of outfits were at work yesterday. On the Crabtree farm northwest of the city Clarence Preston had an engine at work and another outfit belonging to Mr. Preston was in use on the Challiner farm in the Joy Prairie neighborhood. The first wheat of the season was delivered Wednesday to Mr. Furry of the Joy Prairie elevator. The delay in thrashing has meant that a number of farmers who had sold at a price good only until a certain date will be compelled to make new arrangements as they could not get the grain threshed and delivered within the time limit.

APPROPRIATION FOR TRACK LEADING TO HOSPITAL GROUNDS

Legislature Sets Aside Fund for Construction of Railroad Over Which to Haul Coal—Dr. H. B. Carriel Originated Idea.

At the last state legislature an appropriation of \$5,000 was made for the building of a railroad track to the Jacksonville State hospital grounds to connect with the Jacksonville street railway near the city limits and the Chicago and Alton. Dr. H. B. Carriel, until recently superintendent of the state hospital, had the idea in mind for some time and it was through his efforts that the proposition was first brought to the attention of the state board of administration. Negotiations have already been made with the state utility commission, the Jacksonville Railway and Light company and the C. and A. railroad. The fact that the state two years ago made an appropriation to cover the expense of paving South Main street in front of the hospital grounds and that the property owners along the street have signified their intention of paving the street has acted as a stimulus to the movement. If the switch is to be laid it is essential that whatever work is done it be of a permanent character. The appropriation made for the pavement becomes void the first of October.

For some time the hospital management, as well as the railroad company, and city officials have conferred as to methods of getting coal to the grounds. As it is now, the coal is hauled from the Vandalla crossing at the Alton tracks to the hospital. A factor in the hauling, in which the city is interested, is the damage done to pavements by the heavy loads of coal, and by the new arrangements will mean not a little saving to the city.

According to W. B. Miser, the Jacksonville Railway and Light company has an option on a piece of property north of the Vandalla road and it is thought at this point that a place could be constructed where the coal could be transferred from the Alton cars to the switch cars and hauled directly to the hospital grounds. The tracks would leave the South Main street line about 50 yards north of Michigan avenue and enter the hospital grounds from the southeast corner. This will make about 50 yards of track inside the city limits and the rest on Michigan avenue and the state property. While the village board of South Jacksonville could take some action relative to the new track, it is not presumed that there will be any trouble along this line.

THE PRICE OF GRAIN.

Cash wheat is firmer and yesterday advanced to \$1.10 3-4 while September was \$1.04 5-8 and December, \$1.07 1-8. These prices in Chicago mean almost an average of a dollar here and while many farmers on the low lands will be unable to save their crop, still, with reasonable weather there will be a large amount to be sold in this county, while competent judges predict a still greater advance in price.

Corn is, cash, 76 1-2; Sept. 72 1-2 and December 62 1-8 and five to seven cents will be the difference between this locality and Chicago so that the large crop in sight, so far, promises a good profit.

Oats are, cash, 47 3-4; Sept., 37 7-8; December 39 1-4, which means good prices for that grain so that, on the whole, prospects may be termed reasonably good. Pastures and meadows are great and if weather will permit the saving of the hay there should be large returns from that crop also.

IS GUEST IN CITY.

Miss Eva M. Benefiel of Urbana, who has been in Redlands, Cal., for the past two years, is a visitor in the city at the home of her sister, Mrs. William H. Cosking. As has previously been mentioned, Miss Benefiel has recently been appointed county advisor of the Home Improvement association of Kankakee county and she will take up her new duties the first of August. She will reside at Kankakee.

MADE SPLENDID RECORD.

When the Illinois Civil Service commission recently gave an examination for director of music in order to place applicants for position on the eligible list Miss Margaret A. Ring of this city made such a record that she now stands second on the list. When the list was posted Miss Ring was pursuing her studies in Chicago with Adolph Weidig, master of musical composition and with Henlot Levy, pianist, both artists of great renown, and it so happened that Miss Ring's place of residence was thus given as Chicago.

Miss Ring's original compositions have received approval and much comment from Adolph Weidig, and other musicians of his class. Although she had not practical experience in teaching the Blind, a point which, in this instance, carried much weight, she nevertheless, made the high average which gave her the honor of second place in the state.

ENTERTAINS CLUB.

Members of the N. B. B. O. O. club were entertained Wednesday afternoon by Mrs. A. McNamara at her home on Allen avenue. Part of the time was spent in crocheting, after which a flower contest was held and the prizes were won by Mrs. Philip Schulz, Jr., and Mrs. D. McLearen. Dainty refreshments were served. The next meeting will be held with Mrs. McLearen.

TO VISIT IN EAST.

Mrs. J. M. Wolfe and daughter Erma have gone to Big Stone Gap, Virginia, to visit for several weeks with relatives of the doctor.

COOL CLOTH

A new, practical summer fabric, just brought out this season (sold exclusively here) has all the appearance of a cloth suit—comfortable and dressy—washable, cold-water shrunk, non-shrinkable—well tailored and perfect fitting—colors, light and medium greys, tans, snow-flake and dark shades. Every man who has tried one of these suits is an enthusiastic wearer. The manufacturers have been unable to supply the early demand for these suits until the past weeks. We have received several shipments and now have all sizes—regulars and stouts. No excuse for being uncomfortable. The price—
